Dry-Heat "Finnish" Sauna

Research shows that sauna bathing, when done correctly, can reduce blood pressure improve circulation and increase the body's immune function.

Heated Relax Beds

Finally lie down and unwind on the heated, tile-covered, relax beds.

Relax

be yourself again

Escape the stresses of modern life and arrive to a safe haven, a nurturing environment where all that matters is you.

A guests-only environment ensures that privacy, peace and exclusivity are paramount.

relax, unwind and allow yourself to breathe, absorbing the healing effects of nature. a time for you to discover your inner-self.

water is life

Swim some laps or just sit and relax in the built in jacuzzi with hydromassage jets that can soothe and massage your tense muscles. For thousands of years people have used

salt water to heal the body. That is why we chose to make our indoor pool a salt water one. Benefit from the numerous healing powers that salt and therapeutic bathing can give to the body.

Indoor Pool

Steam Sauna -Turkish Bath

Revitalize yourself in a steam filled room like the ancient Roman and Turkish civilizations once did. Steam stimulates vital functions, clears your airways, detoxicates, opens your pores cleaning your skin making it feel soft and gentle.

Massage Bed

Enter a state of complete relaxation with a massage of your choice given by a professional masseuse.
